Police / Deputies responded to the scene and ultimately located Christoffer in an construction field near the dispatched address. Christoffer was in possession of a handgun. Star Police / Deputies believed that Christoffer had shot himself in the head and moved towards him to render medical aid. When Star Police got within 40 yards of Christoffer, he sat up and it was apparent that Christoffer did not shoot himself and was baiting Star Police / Deputies to approach him.

Star Police / Deputies continued to talk to Christoffer to get him to separate himself from the handgun and he continued to not listen to commands Star Police / Deputies was giving him. Christoffer presented the handgun to his head 2 times and on the third time the handgun raised in the direction of Star Police / Deputies as Deputy Cleveland discharged his duty rifle striking Christoffer in the chest. Christoffer dropped the handgun. Star Police / Deputies used less lethal shotgun rounds to see if Christoffer was again baiting Star Police / Deputies. Once the MEDCAT arrived on scene, Star Police / Deputies rendered medical aid on Christoffer who was ultimately turned over to Ada County Paramedics. Christoffer succumbed to his wounds while at Saint Alphonsus Regional Medical Center at about 2013 hours.

-Deputy Philyaw moved up to the additional officers and began observing from a position of cover behind a patrol car.

-Christoffer rolled around and laid partially on his back and buttocks and began motioning towards law enforcement and pointed at them then pointing at himself.

-Christoffer began holding his head again and moving around and reached down toward his knees before sitting up with the gun in his hand.

-Christoffer started looking up at the drone flying overhead and yelling at it. (could hear the drone PA system giving commands to Christoffer to drop the gun, but saw Christoffer remain noncompliant.)

-Christoffer began manipulating the gun back and forth and switching hands, putting it down and picking it back up again. Christoffer continued manipulating the gun and changing his position, setting the firearm down on his leg with his hand resting on it, and yelling "shoot me" at law enforcement.

-Christoffer again picked up the gun and had a positive grip on the gun with what appeared to be a thumb or finger near the trigger as he was moving it around and pointing the firearm in different directions.

-Deputy Philyaw was unable to see if Christoffer had any visible injuries but thought he saw blood on his right arm at one point.

-Did not see any blood or visible injuries to his head or face.

-Christoffer pointed the gun out in front of him slightly toward the ground but in law enforcement's direction.

-Christoffer continued to move around and manipulate the firearm before I heard a gunshot go off directly to his right.

Synopsis of Deputy Hazer's Report:

Deputy Hazer arrived at the location of [REDACTED] and launched the drone ([REDACTED]) at approximately 1802 hours.

Deputy Hazer was directed to the subject's location by deputies already at scene. With the drone, Deputy Hazer located Christoffer in what appeared to be a construction site. Christoffer was wearing a red shirt and dark colored shorts and was laying on his side with his back against a round concrete structure.

Deputy Hazer began providing deputies at the scene with information on the subject using the camera system on the drone. Deputy Hazer also began attempting to communicate with the subject using the loudspeaker on the drone. Christoffer was motionless for approximately 10 minutes, then started moving his hands before eventually sitting up. Deputy Hazer could observe the subject yelling at officers and the drone. Deputy Hazer observed a black handgun in the subject's hands. He manipulated the gun with both hands, set the gun down on the ground multiple times, all while repeatedly pointing to his chest.

Christoffer then pointed the gun at his head with his right hand, then lowered the gun. He then pointed the gun to his head again, and then lowered the gun. He raised the gun again. At approximately 1818 hours, Deputy Hazer observed the subject's shirt move abruptly and then the subject slumped over to his left. Deputy Hazer then heard the radio broadcast that shots had been fired.

Deputy Bennett believed that Christoffer was baiting law enforcement so he could shoot and kill law enforcement forcing them to shoot and kill him. Deputy Bennett spoke about the philosophy of Action beats Reaction and the training law enforcement obtains routinely showing the difference between Action and Reaction. The longer the event played out, the more agitated Christoffer got. The event was rapidly evolving, tense, and

Investigator assignment

On September 7th, 2023, I learned via the police radio that there was an officer involved shooting. The incident occurred in the city of Star and Christoffer Huffman was shot by Ada County Sheriff's Office Deputies during the incident.

The Ada County Critical Incident task force was activated and soon after I was assigned by Lieutenant Domeny as the lead detective at the crime scene. After responding to the scene, I met with Sergeant O'Gorman who briefed me.

This is a summary of what I learned:

- The Ada County sheriff had responded to the scene regarding a suicidal subject: Christoffer Huffman.
- Christoffer had left his house located in an adjacent corner lot of [REDACTED] and walked southeast on [REDACTED] to the end of the street towards the construction site.
- Christoffer then walked out into the open construction area of a new neighborhood. According to Google Maps the area where the incident occurred is an extension of [REDACTED]
- The area consisted of a large open field with dirt, rock and plants/weeds, construction equipment and open trenches.
- Sergeant O'Gorman briefed me about the original calling party, [REDACTED] who was waiting nearby at the corner of [REDACTED]. Prior to entering the scene, I briefly met with [REDACTED]. Our conversation is outlined later in this report.
- I learned there was a suicide note on the refrigerator in Christoffer's home. The note was later collected as evidence.
- The rifle used during the shooting was secured within a supervisor unmarked police vehicle. The rifle was later collected as evidence and the rounds counted.
 - There was 1 round chambered and 26 rounds in the magazine.
- The crime scene tape delineated the end of the pavement on [REDACTED] and the construction site. Approximately 100 yards southeast of the entrance is an enclosed culvert under construction. An Ada County Sheriff's Office marked patrol vehicle was parked nearby.
- On top of the culvert was a cement wall which looked to be part of a future bridge. Atop the wall was a set of binoculars and an accompanying case.
- Southwest of the culvert was where a deputy deployed less lethal rounds after the initial shooting. This was done next to a marked Ada County Sheriff's Office vehicle. Spent less lethal shell casings were marked by orange cones near the back of the vehicle and one was on the driver's seat.
- The less lethal shotgun was secured in the rear of the patrol vehicle and later photographed and a round count conducted by Sgt. O'Gorman.
 - 2 unused shells were found with the shotgun.
- Another Ada County Sheriff's Office patrol vehicle was parked perpendicular to the one mentioned above. Near this area was an orange cone marking a spent rifle shell casing. The MedCat was parked west of this location.
- To the front of the MedCat (southwest) was the location of where the suspect was sitting. He was leaning against an exposed manhole vault.
- I saw various items from Christoffer in the area he was sitting when shot. Items included:
 - Shoes

- A black Holster
- An empty Tito's alcohol bottle
- Three (3) empty Miller Lite cans
- A phone with black case
- A black/gray hat with an 'M' and star icon on the front
- Medical supplies
- A large pool of blood and adjacent blood spatter.
- A black Sig Sauer P365 pistol with serial number [REDACTED]
- Two (2) unfired bullets.

INTERVIEW WITH [REDACTED]

This is a summary of my conversation with [REDACTED]:

- Over the past few months, Christoffer had a significantly negative change in attitude. He was unsure exactly what the catalyst of the change was but knew there were some issues within his [REDACTED].
- There were also civil issues evicting a [REDACTED] who was renting from him.
- On the afternoon of the incident, [REDACTED] received concerning text messages from Christoffer indicating he was contemplating suicide.
- [REDACTED] obtained Christoffer's location and started heading in that direction and contacted 911 to report the situation.
- When [REDACTED] arrived, he found law enforcement already on scene.
- I asked [REDACTED] to email me a statement and screenshots of the text conversation he had with Christoffer which I received on the morning of September 8, 2023. These have been uploaded to the Garden City Police Department Records Management System and copied below for reference.

EVIDENCE COLLECTION

With assistance from CSI Technician Vargas, I photographed the scene including items identified as evidence. The overall area was fully dark, and photographing the scene was difficult. All photos required supplementary illumination from camera flashes, flashlights, vehicle headlights and spotlights to assist. Long exposure shots and a tripod were also required.

I shot 266 photos: IMG_0854 through IMG_1119. CSI Vargas downloaded the photos on September 8th. 2023. She uploaded the photos to the Garden City Police Department Records Management System.

Note that Images IMG_1108 through IMG_1119 show views from the deputy's perspective, both the lethal and less lethal locations. Using Sgt. O'Gorman's distance finder, it was between 80 and 87 feet from the deputies' locations to where Christoffer was sitting.

Sgt. O'Gorman cleared the gun to conduct a round count as follows:

- 8 rounds in the magazine
- 1 round in the chamber

Initial reports indicated Christoffer fired 1 shot as deputies arrived. With the 9 rounds found in the gun, 2 unspent rounds in the dirt, the spent shell casing was unaccounted for. When conducting an area search, I found the spent shell casing to the right of where Christoffer was sitting. It was partially compressed into the dirt and obscured by a weed. Later one of the three less lethal rounds were found and recovered in the weeds. We were unable to locate the others after an extensive area canvas.

Christoffer's pistol, the Deputies rifle and the less lethal shotgun were secured and collected as evidence by CSI Vargas. See CSI Vargas' report for full details and a listing of the items collected as evidence.

Initial Assignment:

On September 7, 2023, at approximately 1926 hrs, while at home, I received notification that the Ada County Critical Incident Task Force (CITF) had been activated in response to an Officer Involved Shooting (OIS) involving deputy(s) from the Ada County Sheriff's Office. Garden City Police Department was designated as the Lead Agency, with Detective Thorndyke designated as the Lead Investigator.

The subject involved, identified as Christoffer [REDACTED] Huffman ([REDACTED]), had been injured and was being transported to Saint Alphonsus Regional Medical Center (St Als). I was assigned to respond there to assist with the investigation.

Investigation:

Saint Alphonsus Regional Medical Center: Patient Condition

I arrived prior to the arrival of the ambulance (M31) that transported Christoffer. Upon their arrival, I followed them into the [REDACTED] within St Al's Emergency Department (ED). Multiple members of the medical staff attempted life saving measures on Chris, but he succumbed to his injury, and was pronounced dead at 2013 hrs.

I had Ada County Dispatch notify the Ada County Coroner's Office and Medicolegal Investigator Givelli Mikel responded. She and I took photographs of Christopher in [REDACTED] where he had been moved to. Investigator Mikel bagged his hands prior to transporting him.

The shirt and shorts that Chris was wearing had been cut from him while being attended to medically. Those items were collected by medical personnel at St Als and turned over to me. I later transported them to the Garden City Police Department, where they were placed in the SafeKeeper drying unit due the items being saturated.

Boise Police Department Neighborhood Contact Officer (NCO) Crist, Investigator Mikel, and I met with [REDACTED]

[REDACTED] There I advised them that Chris had not survived his injuries.

During the following conversation, [REDACTED] reported that Chris has never, [REDACTED] knowledge, made attempts on his life. However, he had been engaged in self-harm behaviors prior to [REDACTED] knowing him.

Chris was in the military (Marines) for approximately a year but was discharged due to breaking his ankle. He had attempted to remain in, but the ankle did not heal properly, and he broke it a second time. He had a difficult time dealing with being placed in a medical rehabilitation unit, which led to significant depression.

Preservation Request: Facebook

It was learned that Chris had livestreamed video on Facebook while being in crisis prior to the OIS. His Facebook account was found to be facebook.com/chris.huffman.338. On September 7, 2023, at approximately 2317 hrs, I submitted a preservation request to Meta Platforms, Inc (Meta) via the company's online law enforcement portal, requesting the data for that account be preserved in anticipation of legal process to obtain that video.

Investigators were able to obtain copies of the video via other methods. On September 12, 2023, at approximately 1008 hrs, using Meta's law enforcement portal, I advised Meta that the data no longer needed to be preserved.

On Thursday September 7, 2023 at 1909 hours, I was contacted by Detective Rosen advising that there had been an officer involved shooting in Star and that we were the lead investigators for the Criminal Incident Task Force. I was

currently enroute to my house where I put on my uniform and responded to the Garden City Police Department to gather my equipment. At approximately 2012 hours I arrived on scene and met with Detective Rosen, Detective McCray, and Sergeant O'Gorman. Detective Rosen advised me that the Officer's rifle was in the back of the Star Police Chief's vehicle and needed to be retrieved. Due to the approaching sunset I photographed the rifle in the back of the vehicle and then photographed the ammunition and magazine on the hood of Detective Rosen's vehicle. The ammunition and magazine were placed in evidence envelopes and secured in my evidence vehicle along with the Officer's rifle.

Sergeant O'Gorman advised me that the suspect's home was located at [REDACTED] and advised that the suspect had left a note that I needed to go photograph and collect. We were escorted into the residence where I took photographs and collected the note which I then secured in my evidence vehicle. Detective Rosen advised me to follow him to the scene of the shooting with my vehicle which was located in a field that was currently being developed. Once parked Sergeant O'Gorman gave me a walk through of the scene. Due to the level of darkness and his knowledge of photography, Detective Rosen took over the task of photographing the scene. I proceeded to place the evidence markers by each item and once Detective Rosen took photos I packaged and collected each item securing them in my evidence vehicle. Items 4 and 5 were not collected, they were turned over to Detective McCray to be returned to the owner. We cleared the scene at approximately 2315 hours where I transported all of the evidence to the Garden City Police Department. I secured all items in the evidence room to be processed in the morning.

On Friday September 8, 2023 I arrived to work 0800 hours and immediately began processing evidence from the night before. I photographed each item then sealed them in their evidence packaging. Item #16 had been sealed after I photographed it, but Detective Thorndyke requested I open it back up to charge the phone. Upon completion of the charge, Detective Thorndyke had me put it back into the envelope and re seal it. All items were sealed and booked into evidence. At approximately 1530 hours I attended the CITF briefing at the Ada County Sheriff's Office. The property invoices were given to records to be scanned into the case file.

First Contact:

Deputy Cleveland:

I took photographs of Deputy Cleveland who was wearing his duty uniform, and duty gear identifying himself as a Sheriff's Deputy (including badge and patches). A round count was then conducted on all handgun and rifle magazines on Deputy Cleveland's person to include:

3 Sig Sauer P320 9mm magazines:

- 2 Magazines containing 17 rounds – full to capacity.

It should be noted that there was 1 round in the chamber of his handgun.

1 - 20 round PMAG round rifle magazine:

Magazine contained 19 rounds

When asked how Deputy Cleveland loads his magazines, he said he loads the handgun magazines, and 20 round rifle magazine to full capacity. He said he loads his 30 round rifle magazines with 28 rounds.

I collected his 20 round rifle magazine that was on his person because we were unsure if it was the magazine used in the shooting at that time.

INITIAL RESPONSE/CONTACT:

On 9/7/2023 at 1721 hours, I was assigned by Lt. Smith to respond to the Ada County Sheriff's Office at 7200 W. Barrister in Boise to assist with a Critical Incident Task Force Investigation. I had been advised that a Star Deputy had been involved in a shooting and would be transported to the Ada County Sheriff's Office as part of the post incident investigation. I was advised that Garden City Police was lead on the investigation. Shortly after my arrival at the Sheriff's Office, I was informed that Deputy Jon Cleveland was the only "involved officer." Sgt. Keith James and Deputies Travis Debie and Edward Bennet were identified as "involved witnesses." All four deputies were transported to the Ada County Sheriff's Office at 7200 W. Barrister. Lt. Smith asked that Det. Wirshing and I assist Garden City Det. Canfield with the first contact team.

The first contact team consisted of me, Det. Wirshing (BPD), Det. Canfield (GCPD) and Det. Pacheco (ACSO). The involved officer and involved witnesses were assigned separate areas in the Sheriff's Office and the patrol briefing room was used for first contact. Deputies Cleveland, Debie, Smith and Sgt. James were escorted into the briefing room individually. Det. Canfield took photos of each deputy and conducted a round count on their firearms.

See Det. Canfield's report for more details.

Suspect: Christoffer Huffman

INITIAL RESPONSE/CONTACT:

I responded to St. Als to assist Ada County with an officer involved shooting. Upon arrival I spoke with Det. Brumbaugh with Garden City. He asked if I could help him at the hospital. As the suspect who was identified as Christoffer Huffman arrived in the back of an Ada County ambulance, I saw that he was waiving his right hand around attempting to push away the paramedics who were actively trying to help him. He was then transported into the trauma room where St. Als staff began to attempt life saving measures.

A short time later the staff advised that Christoffer had died. I stood by and provided information to the Ada County Deputy Corner. I then was asked by Det. Brumbaugh to assist him in telling the family that Christoffer had died. I did this and answered questions that I could.

I did not collect any evidence or take any statements during this call.

Investigator assignment

On September 7th, 2023, I learned via the police radio that there was an officer involved shooting. The incident occurred in the city of Star and Christoffer Huffman was shot by Ada County Sheriff's Office Deputies during the incident.

The Ada County Critical Incident task force was activated and soon after I was assigned by Lieutenant Domeny as the lead detective at the crime scene. After responding to the scene, I met with Sergeant O'Gorman who briefed me.

This is a summary of what I learned:

- The Ada County sheriff had responded to the scene regarding a suicidal subject: Christoffer Huffman.
- Christoffer had left his house located [REDACTED]
- Christoffer then walked out into the open construction area of a new neighborhood. According to Google Maps the area where the incident occurred is an extension of [REDACTED]
- The area consisted of a large open field with dirt, rock and plants/weeds, construction equipment and open trenches.
- Sergeant O'Gorman briefed me about the original calling party, [REDACTED] who was waiting nearby at the corner of [REDACTED]. Prior to entering the scene, I briefly met with [REDACTED]. Our conversation is outlined later in this report.
- I learned there was a suicide note on the refrigerator in Christoffer's home. The note was later collected as evidence.
- The rifle used during the shooting was secured within a supervisor unmarked police vehicle. The rifle was later collected as evidence and the rounds counted.
 - There was 1 round chambered and 26 rounds in the magazine.
- The crime scene tape delineated the end of the pavement on [REDACTED] and the construction site. Approximately 100 yards southeast of the entrance is an enclosed culvert under construction. An Ada County Sheriff's Office marked patrol vehicle was parked nearby.
- On top of the culvert was a cement wall which looked to be part of a future bridge. Atop the wall was a set of binoculars and an accompanying case.
- Southwest of the culvert was where a deputy deployed less lethal rounds after the initial shooting. This was done next to a marked Ada County Sheriff's Office vehicle. Spent less lethal shell casings were marked by orange cones near the back of the vehicle and one was on the driver's seat.
- The less lethal shotgun was secured in the rear of the patrol vehicle and later photographed and a round count conducted by Sgt. O'Gorman.
 - 2 unused shells were found with the shotgun.
- Another Ada County Sheriff's Office patrol vehicle was parked perpendicular to the one mentioned above. Near this area was an orange cone marking a spent rifle shell casing. The MedCat was parked west of this location.
- To the front of the MedCat (southwest) was the location of where the suspect was sitting. He was leaning against an exposed manhole vault.
- I saw various items from Christoffer in the area he was sitting when shot. Items included:
 - Shoes

- A black Holster
- An empty Tito's alcohol bottle
- Three (3) empty Miller Lite cans
- A phone with black case
- A black/gray hat with an 'M' and star icon on the front
- Medical supplies
- A large pool of blood and adjacent blood spatter.
- A black Sig Sauer P365 pistol with serial number [REDACTED]
- Two (2) unfired bullets.

INTERVIEW WITH [REDACTED]

This is a summary of my conversation with [REDACTED]

- Over the past few months, Christoffer had a significantly negative change in attitude. He was unsure exactly what the catalyst of the change was but knew there were some issues [REDACTED]
- There were also [REDACTED]
- On the afternoon of the incident, [REDACTED] received concerning text messages from Christoffer indicating he was contemplating suicide.
- [REDACTED] obtained Christoffer's location and started heading in that direction and contacted 911 to report the situation.
- When [REDACTED] arrived, he found law enforcement already on scene.
- I asked [REDACTED] to email me a statement and screenshots of the text conversation he had with Christoffer which I received on the morning of September 8, 2023. These have been uploaded to the Garden City Police Department Records Management System and copied below for reference.

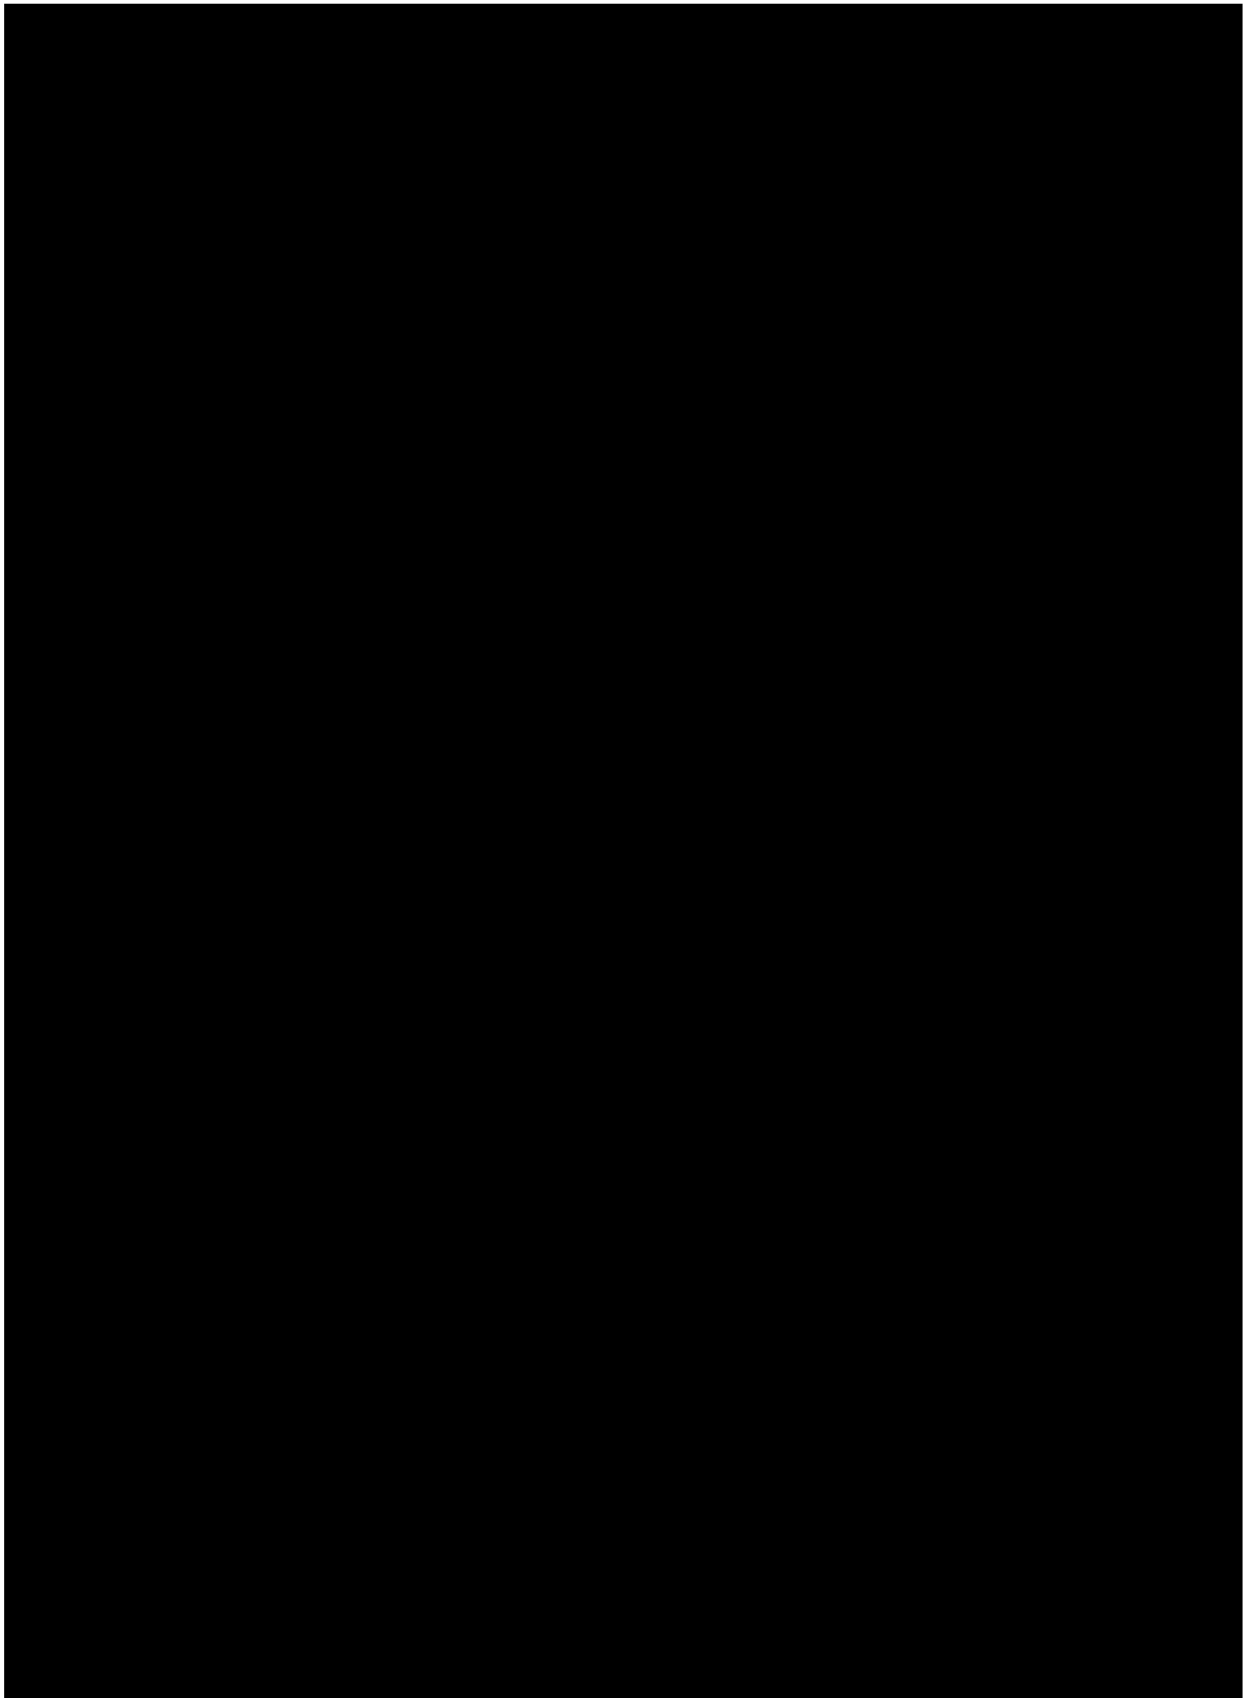

EMAIL FROM [REDACTED]

Detective Rosen,

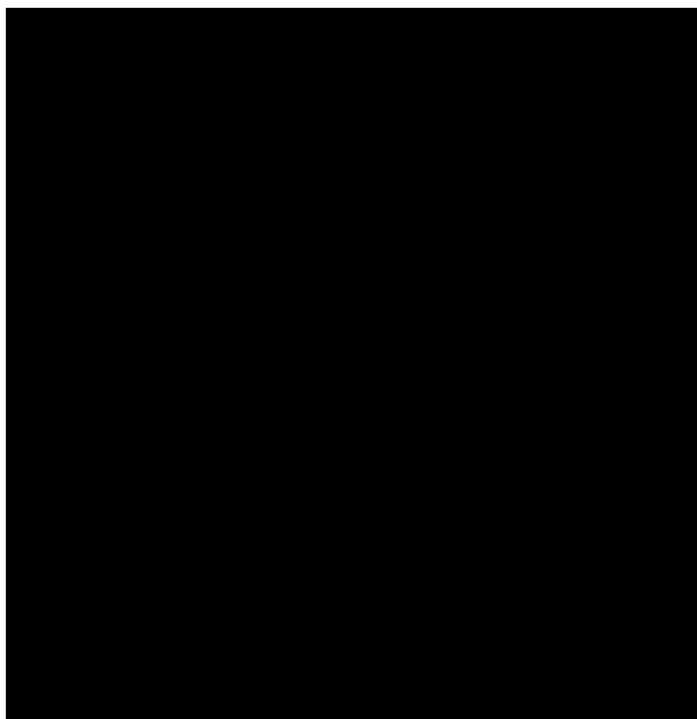

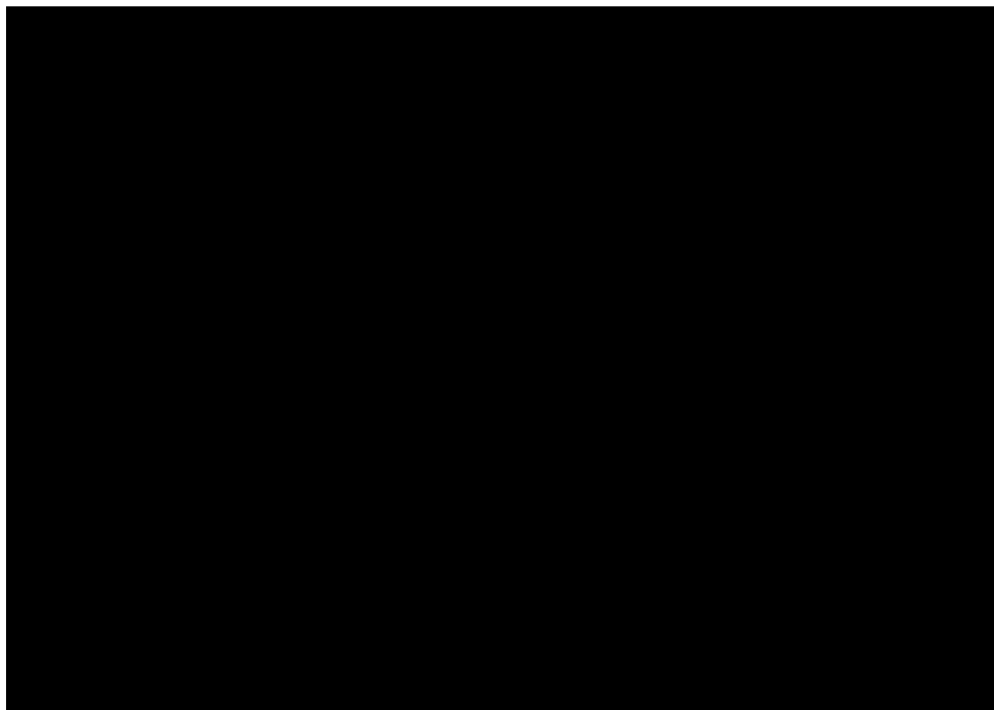

I am so sorry that we had to meet under these circumstances. I pray that every officer involved is able to find peace.

Here is what I told you about this evening, and attached are the screen shots from Chris. Please feel free to reach out if anything else is needed. I was just called and told that he is no longer with us, so forgive me if my writing is not perfect.

Over the last few months, I and others have noticed that Chris had changed. He went from the happy guy excited about his new home with [REDACTED] to distant and negative. I know through talks we have had that there were some struggles [REDACTED]

TEXT MESSAGES BETWEEN [REDACTED] AND CHRISTOFFER

EVIDENCE COLLECTION

With assistance from CSI Technician Vargas, I photographed the scene including items identified as evidence. The overall area was fully dark, and photographing the scene was difficult. All photos required supplementary illumination from camera flashes, flashlights, vehicle headlights and spotlights to assist. Long exposure shots and a tripod were also required.

I shot 266 photos: IMG_0854 through IMG_1119. CSI Vargas downloaded the photos on September 8th. 2023. She uploaded the photos to the Garden City Police Department Records Management System.

Note that Images IMG_1108 through IMG_1119 show views from the deputy's perspective, both the lethal and less lethal locations. Using Sgt. O'Gorman's distance finder, it was between 80 and 87 feet from the deputies' locations to where Christoffer was sitting.

Sgt. O'Gorman cleared the gun to conduct a round count as follows:

- 8 rounds in the magazine
- 1 round in the chamber

Initial reports indicated Christoffer fired 1 shot as deputies arrived. With the 9 rounds found in the gun, 2 unspent rounds in the dirt, the spent shell casing was unaccounted for. When conducting an area search, I found the spent shell casing to the right of where Christoffer was sitting. It was partially compressed into the dirt and obscured by a weed. Later one of the three less lethal rounds were found and recovered in the weeds. We were unable to locate the others after an extensive area canvas.

Christoffer's pistol, the Deputies rifle and the less lethal shotgun were secured and collected as evidence by CSI Vargas. See CSI Vargas' report for full details and a listing of the items collected as evidence.

INITIAL RESPONSE/CONTACT:

On 9/7/2023 at 1721 hours, I was assigned by Lt. Smith to respond to the Ada County Sheriff's Office at 7200 W. Barrister in Boise to assist with a Critical Incident Task Force Investigation. I had been advised that a Star Deputy had been involved in a shooting and would be transported to the Ada County Sheriff's Office as part of the post incident investigation. I was advised that Garden City Police was lead on the investigation. Shortly after my arrival at the Sheriff's Office, I was informed that Deputy Jon Cleveland was the only "involved officer." Sgt. Keith James and Deputies Travis Debie and Edward Bennet were identified as "involved witnesses." All four deputies were transported to the Ada County Sheriff's Office at 7200 W. Barrister. Lt. Smith asked that Det. Wirshing and I assist Garden City Det. Canfield with the first contact team.

The first contact team consisted of me, Det. Wirshing (BPD), Det. Canfield (GCPD) and Det. Pacheco (ACSO). The involved officer and involved witnesses were assigned separate areas in the Sheriff's Office and the patrol briefing room was used for first contact. Deputies Cleveland, Debie, Smith and Sgt. James were escorted into the briefing room individually. Det. Canfield took photos of each deputy and conducted a round count on their firearms.

See Det. Canfield's report for more details.

Narrative

INVOLVED PERSONS/RELATIONSHIP(S):

Suspect: Christoffer Huffman

INITIAL RESPONSE/CONTACT:

I responded to St. Als to assist Ada County with an officer involved shooting. Upon arrival I spoke with Det. Brumbaugh with Garden City. He asked if I could help him at the hospital. As the suspect who was identified as Christoffer Huffman arrived in the back of an Ada County ambulance, I saw that he was waiving his right hand around attempting to push away the paramedics who were actively trying to help him. He was then transported into the trauma room where St. Als staff began to attempt life saving measures.

A short time later the staff advised that Christoffer had died. I stood by and provided information to the Ada County Deputy Corner. I then was asked by Det. Brumbaugh to assist him in telling [REDACTED] that Christoffer had died. I did this and answered questions that I could.

I did not collect any evidence or take any statements during this call.
